Attention: Quality Manager

Reference: BFGoodrich, Landing Gear Division
Periodic Quality Surveillance

A periodic surveillance of your companies' quality system and process capability was completed on July 3, 2001. This review resulted in no impact to your present approval status. Your company will remain approved until withdraw or removal of the approval is documented by BFG-LGD Supplier Quality in writing.

Approval for special processes, if applicable, will be listed on the BFG-LGD Internet Web-Site. Approval is in no way a waiver of specification, inspection, testing, record maintenance or any other quality requirement. Approval is not to be considered a guarantee of acceptance for the articles processed.

This office must be notified promptly of any change in facility management, name, address, email address, processing capabilities or significant revisions to quality procedures.

If we can be of further assistance in this matter, please let us know.

Very truly yours,

Bruce E. Browne
Manager, Supplier Quality
